High-efficiency energy storage, smart energy. Explore the innovation Product Center and open up a new future for green energy.

Through installing photovoltaic modules on the water's surface, the aquavoltaic industry can simultaneously generate clean energy while maintaining aquaculture operations underneath.

With the promotion of renewable energy utilization and the trend of a low-carbon society, the real-life application of photovoltaic (PV) combined with battery energy storage systems (BESS) has thrived ...

The C& I-60-KWH is a 60kWh high-voltage lithium battery cabinet, engineered for commercial-scale storage. It features advanced lithium iron phosphate ...

GoodWe's Lynx C 60kWh outdoor battery system is tailored for small to medium ...

Explore and get pricing details today. Click for information!

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site ...

With support for 200% PV oversizing and a maximum 40A DC input current, the Hybrid ESS Cabinet ensures high throughput for large-scale solar integration. ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy ...

The GE-FH60 delivers 55 kWh of usable energy in a single IP55 cabinet, covering peak-shaving, back-up, or PV-self-consumption tasks where higher bus voltage ...
