Lithuanian lawmakers have adopted legislation designed to limit the ability of Chinese inverter manufacturers to remotely access the country's solar ...

The Lithuanian parliament has passed legislation blocking Chinese manufacturers from remotely accessing the country's solar, wind, and storage facilities.

The China Solar Generator is a premium choice in the Solar Generator category. Solar generators typically consist of solar panels, a charge controller, a battery, and an inverter.

The new legislation will address the risks associated with the remote controllability of PV inverters that we at European Solar Manufacturing Council (ESMC) have highlighted lately.

Lithuanian lawmakers on Tuesday adopted legislation intended to block Chinese companies from getting remote access to the control systems of ...
