From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Highjoule"s Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

The 112kWh Outdoor Energy Storage Cabinet is equipped with an active thermal management system that ensures optimal battery performance and longevity. The air-cooled design maintains a stable ...

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and ...

This review paper provides the first detailed breakdown of all types of energy storage systems that can be integrated with PV encompassing electrical and thermal energy storage systems.

Whether retrofitting existing infrastructure or building a decentralized energy network, this cabinet empowers businesses to cut costs, enhance sustainability, ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration.

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet

High-Temperature Resistant Photovoltaic Energy Storage Cabinet for Georgian Metro Stations

response. Ideal for industrial, commercial, and emergency ...
