Jinko Solar Panel Models
Jinko Solar Panel Efficiency
Should You Buy Jinko Solar Panels?
A solar energy system built with Jinko solar panels typically costs around \$2.60 per watt. That means a 6 kilowatt (kW) Jinko system will cost you about \$16,000 before incentives. For reference, an average solar panel installation costs about \$18,000. Compared to other Tier 1 solar brands, Jinko Solar is much cheaper without sacrificing quality or ...
