---

Our company has experience in producing high-quality mobile solar surveillance trailer. We can provide mobile solar trailer, solar light tower, cube surveillance unit, monitoring system, solar power ...

It is equipped with an imported industrial Programmable Logic Controller (PLC) and Human-Machine Interface (HMI) to form the core control system: stable performance, precise protection, and easy ...

The main business covers the manufacturing of medium-voltage and low-voltage switchgear up to 35kV, distribution transformers, new energy grid-connection cabinets, prefabricated substations.

The equipment consisting of the flameproof movable dry-type transformer, the high-voltage vacuum switch and the low-voltage protection box is generally called as a mining flameproof movable...

This stand-alone, turn-key system seamlessly integrates solar energy production with advanced energy storage in a compact, easily ...

Operators can use one Class I, Division 1 rated camera with a 4-channel 2TB explosion proof NVR to record footage. The entire assembly is mounted onto a 7.5" galvanized single axle trailer, allowing ...

The cabinet maintains high efficiency in both on-grid and off-grid modes, converting fluctuating energy prices into predictable costs. With stable output and fast response speed, it meets the demands of ...

Built in a rugged, insulated NEMA 3X enclosure and skid-mounted for easy siting, the MOBICELL-350 integrates solar panels mounted on the outside walls of the cabinet, a 20 kWh AGM battery bank, ...

Kleev's explosion-proof enclosures are meticulously engineered to house various types of electrical and electronic equipment. These enclosures are designed not ...
