This 50kW solar power system is ideal for off-grid communities that rely on renewable energy for essential services, such as water pumps, health clinics, schools, and residential lighting.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Built for longevity, the SolaraBox solar container is built to withstand harsh environmental conditions and ensure a reliable power supply. The SolaraBox mobile solar container is a portable solar power plant ...

This study addresses this issue by designing a hybrid off-grid system for the Ariel University Dormitory WWTP, a 500 m³/day biofilter facility. The system integrates solar energy, ...

All-encompassing, fast, and resilient solution for disaster preparedness. A ready-to-install 2-3 kVA power module with 4-6 solar panels and lithium battery storage. ...

Upfront cost and length of time to procure and implement solar system. Solution is predefined; the RFP becomes the "customer," and price outweighs execution. First level feasibility study recommended. A ...

These rugged, self-contained systems integrate large solar arrays, advanced battery storage, and high-capacity fuel cells -- with optional diesel redundancy when regulatory or client requirements demand it.

Quick setup and installation -- fully off-grid and ready to operate in no time. Custom configurations based on your specific needs -- including options such as water purification, pump systems, or ...

Our containerized wastewater treatment plants are not only installed in hard-to-reach places abroad, but also offer the perfect solution for ...
