In this video, Kelly puts the Champion 8500 Watt Dual Fuel Inverter Generator to the test! She walks you through the setup, tests its performance under different loads, and shares honest...

The pure sine wave lithium inverter generator outputs 600 running watts and 1200 starting watts. The advanced lithium-ion battery and management system supply lasting, lightweight, fade-free power.

The inverter outputs 3200 starting watts, 1600 running watts, and 4500 peak watts (0.5 sec.) and still lets you use over 300 watts of DC power. The advanced lithium-ion battery ...

Their product line includes portable generators and inverter generators designed for durability and high performance. With advanced features like Dual Fuel technology and remote starting capabilities, ...

The Champion Power Equipment 3276-Wh Lithium ...

Champion's 1638-Wh portable power station is lithium-ion battery-powered ...

Its robust inverter performance, rapid solar recharge capability, and comprehensive package make it one of the most practical solutions for off-grid power under \$1,000.

This units clean power plus no engine means no emissions, no noise, and you can even use it inside. The pure sine wave lithium ...

A parallel kit (sold separately) enables this unit to connect with another Champion power station or a ParaLINK-capable traditional inverter to double your output ...
