Using remote control solar street lights involves proper installation, understanding how to operate the remote, and maintaining the system for long ...

Aim the remote control at the controller's infrared emitting tube and receiving tube, on the main interface, move the cursor to "read parameters", press the " " key to enter the read parameter interface, and ...

Instruction of Smart-Unit Remote Controller
How Does The Remote Controller Work with Solar Street Light
Three Working Modes For Smart Control to Solar Street Light
Smart-Unit is an optional smart remote controller for ST43 solar street lights. Dimming and timer are two main functions of the remote controller. It also has an infrared sensing function. Thus, it can work with the street lights which are equipped with a PIR sensor. Let's take a look at the appearance and the buttons of the Smart-Unit remote contr...
